**Recommendation Letter for Mohd Alif Erfan bin Mohd Efendi**

Dear Sir,

It is my pleasure to strongly recommend Mohd Alif Erfan to be accepted for your Master Scholarship Programmed under Islamic Development Bank. He has working directly under my supervision as an analyst for over a year now.

Since day one, Alif has displayed great talent in technical applications and I was immediately impressed with his technical skills. Seems that he is not just a good grader, but also great in the implementation of his knowledge in the working field. Alif is a fast learner and always show excellent work ethic in delivering his duties. Alif always demonstrates the ability to articulate information and ideas in both the verbal and written forms.

Alif has also been effective in planning his work as an analyst. He always keep himself updated on the new threat in cybersecurity field and explore new methods in doing testing. Alif is a good team player and can blend well with his team mates. Not just that, Alif also willing to take extra initiatives in making sure that he can deliver his task properly. He even reach out to people in other departments and cooperate with them in order to deliver his task. I always get positive feedbacks from other departments on his effort and seems that they really impressed with his persistence.

I'm confident that the excellent work ethic Alif has demonstrated during the course of his employment will carry over to his studies. Alif is charismatic, well-spoken, ambitious and, if he is accepted into your Master Scholarship Programmed, there's no doubt in my mind he will exceed your expectations. Please call me at the number below (during regular business hours) or by email (anytime) with any questions regarding Alif's application.

Warm Regards,

Ahmad hisyamudin Salleh
